

Everybody knows that we're experiencing a TikTok Shop boom.

Nobody knows how to get their piece of the pie from it though.

I've been trying to make money online as a complete beginner forever.

The only thing that has ever worked for me is TikTok Shop.

There was a period where I couldn't seem to find success with old-school TikTok Shop.

My eureka moment was discovering new-age TikTok Shop.

Manual labour is a sign that you're prioritizing workload over performance.

I'm talking about making decisions based on gut feeling, enduring friction throughout the entire process, and running everything by yourself.

This means that you're taking a gamble, you become your own bottleneck, and you're bound to hit a ceiling.

Artificial intelligence lets you pair the strongest tool of the century with the greatest opportunity of the decade.

I'm talking about letting the data do its thing, leveraging the available technology, and working on the business not inside of the business.

This means that you're setting yourself up for success, you can multiply quantity and quality, and you're taking a step back from the day-to-day.

I'm hosting a free live masterclass where I'll be teaching everything that goes into this.
