

A1. Nudge:

Text:

Thanks for showing up to the free live masterclass earlier guys.

Feel free to ignore this if you've already submitted your application form.

This is your nudge to do it if you haven't yet.

I hope you're all aware that the value that you've just received fades away pretty fast.

Here's the link for it: [LINK]

A2. Case Study:

Video:

Let me tell you about one of my students named Bo.

He was working a dead-end job and grinding away at TikTok Shop.

We got his approach dialed in to give him the most bang for his buck.

He ended up taking home roughly thirty thousand dollars of commissions in a single month.

The only thing standing between him and yourself is making a change.

A3. Recap:

Voice Note:

All of you guys who showed up to the free live masterclass got access to an offer that I'm not making in the same way anywhere else.

Here's a reminder of it for the ones in the back.

Scalex AI provides you with one-on-one access, one-on-one coaching calls, group coaching calls, course content, and community.

The Selection Suite is one of the many bonuses included.

The only setback is remaining stuck where you are forever.

N1. Nudge:

I know that some of you guys couldn't make it to the free live masterclass.

You're lucky that I've got a replay of it though: [LINK]

I'm just saying that it's not going to be up forever.

N2. Recap:

Copying and pasting my \$1,000,000+ GMV artificial intelligence strategy for TikTok Shop can be boiled down to two things.

Manual labour is a sign that you're prioritizing workload over performance.

Artificial intelligence lets you pair the strongest tool of the century with the greatest opportunity of the decade.

I've taught everything that goes into this throughout it.

I'm only keeping the replay up for a little longer: [\[LINK\]](#)
