

1. Confirmation:

Text:

You guys are officially registered for the free live masterclass.

I'll be dropping the link and pinning it to the description closer to the time.

It's worth blocking off ninety minutes in your calendar too.

2. Lead Magnet:

Text:

Your free gift is ready by the way guys.

The Selection Suite is pinned in the description right now.

3. Unique Mechanism:

Video:

I want everybody that's registered for the free live masterclass to copy and paste my \$1,000,000+ GMV artificial intelligence strategy for TikTok Shop.

This is without risk upfront, effort and sacrifice, or earning caps.

Manual labour is a sign that you're prioritizing workload over performance.

Artificial intelligence lets you pair the strongest tool of the century with the greatest opportunity of the decade.

I'll be teaching everything that goes into this inside of the free live masterclass.

4. Narrative:

Video:

Let me give you guys some context real quick.

I was a kid from a broken home that couldn't bear the thought of working a nine-to-five job.

My first attempt at hustling was selling beats on the internet.

TikTok Shop came into the scene, I stuck it out for a while, and the rest is history.

I'm still running accounts of my own and helping others do the same.

5. Future Pacing:

Video:

I want you guys to picture this for a second.

You wake up whenever you like, wherever you like, day in and day out.

You spend some time making selections, posting videos, and working on things.

You take the rest of the day off while earning on autopilot.

This is the life that artificial intelligence has handed over to me.

6. Sneak Peek:

Voice Note:

You guys keep asking me what the free live masterclass is all about.

Let me give you a sneak peek into the three pillars that I'll be going through.

The first is how to select winning brands, products, and formulas.

The second is how to produce, distribute, and refine your videos.

The third is how to scale through systems, delegation, and extras.

There's going to be a Q&A for the ones that stick around until the end.

7. Objection Handling:

Video:

I hope you guys are fine with me reading your minds real quick.

Are you really teaching everything inside of it? I've refined this to what's actually going to move the needle.

Isn't it all on your YouTube channel anyway? The whole point of this is to hand you the full picture rather than scattered pieces of it.

Will it turn into one grand pitch? I'm teaching this all whether you work with me or not.

What if I simply catch the recording? Being there in person helps extract as much value as possible.

I'll get into everything else throughout the free live masterclass.

8. Addressing:

Video:

I'm just going to be straightforward with you, because I get asked this all the time.

It's a common misconception that I have to choose between doing it myself or helping others.

I'm a player and a coach, so I'm doing it myself and helping others.

This also gives me the chance to learn from everybody who gets results.

9. Reminder / Recap:

Text:

Today is the day people.

I'll be going live at 7:00 PM EST.

There will be three pillars and a Q&A.

It's so clear and concise that you should be set after only an hour and a half.

I'm going to pin the link in the description and send it through a little later.

10. Reminder / Conviction:

Voice Note:

The free live masterclass is going to be rolling within the next hour.

Someone in your position is about to get the upside without the downside.

The only difference between yourself and this person is that they showed up to the free live masterclass.

You don't want to be one of those people who register for it but don't end up attending.

The link is pinned in the description, but you can get it here: [LINK]

11. Reminder:

Text:

I'm on the air as we speak.

The room's filling up quite a bit and I'm about to get into the first pillar.

Here's the link for it or check what's pinned in the description: [LINK]

12. Reminder:

Text:

You guys have still got time to hop inside of the free live masterclass.

The real value is about to start though.

Jump in while you still have the chance: [\[LINK\]](#)
